SHOOTING COURSES SKETCH

APÊNDICE E2: Diagrama da Posição do Equipamento

Foremost limit for gun, holster and allied equipment behind the hip bone at the Start Signal. The diagram also displays arms "hanging naturally" (see Rule 8.2.2).

O limite superior para a arma, coldre e equipamento aliado atrás do íliaco (osso do quadril) no Sinal de Início. O diagrama também exibe os braços "pendurados naturalmente" (ver Regra 8.2.2.)

8.2.2 The competitor assumes the start position as specified in the written stage briefing. Unless otherwise specified, the competitor must stand erect, facing downrange, with the handgun loaded and holstered, and arms hanging naturally by the sides (see Appendix E2). A competitor who attempts or completes a course of fire where an incorrect start position was used may be required by a Range Officer to reshoot the course of fire.

8.2.2 O competidor assume a Posição Inicial estipulada no "briefing" escrito da pista. A menos que especificado de forma diferente, o competidor deve se colocar na posição em pé, ereto, de frente para o para-balas, com a arma carregada e coldreada, com os braços pendendo de forma natural para os lados (ver APÊNDICE E2). Ao competidor que tentar ou completar a pista de tiro onde foi usada uma Posição de Início que estava incorreta, poderá ser requerido o "reshoot" da pista de tiro pelo Range Officer.
